

Techno: Whitepaper

Techno is a BEP20 token fitted on the BNB Smart Chain. It has 0 taxes or fees and has a capped supply of 21,000,000.

(Source: Owner, 2024)

CMC

Currently, Techno is traded on ProBit Global, FineXbox & Pancakeswap. After CMC, We are possibly listing on more exchanges.

Currently, Techno's goal is to be widely recognized as a token that has succeeded without any investors. This DeFi token is soon to skyrocket!

Techno's
Community

Currently, we are taking a hush from social media since we are currently working to list on CMC, but we are always updating on Telegram, Discord, Facebook & X

Techno
specifics

Techno has 0 developers, meaning the token was made by the owner. We aren't minting ever or burning.
